TELEGRAMS.

A POLITICAL PUZZLE.

LONDON, March 20th.
Lord Knutsford, Secretary of State for the
Colonies, has presented a bill to revive the
lapsed powers of an Act of George the Third,
empowering naval commanders on the New-
foundland Station to enforce the execution of the
treaties to which Great Britain is pledged.

NEWFOUNDLAND PROTESTS.

March 27th.
Many members of the Newfoundland House
of Assembly refused the Governor's summons
to attend the House, as a protest against the
harsh treatment of the Imperial Government.

THE QUEEN.

The Queen was received with extraordinary
enthusiasm at Grasse.

EPIDEMIC IN CHICAGO.

March 28th.
Influenza is raging in Chicago, ten thousand
cases have been reported. Pittsburgh hospitals
are crowded; great mortality.

CONSPIRACY IN BUENOS AYRES.

A conspiracy has been discovered amongst
the Police. A quantity of rifles imported into

Buenos Ayres were seized on arrival, and
several arrests have been made.

THE CZAREWITCH.

(Special to the Hongkong Telegraph.)

CANTON, 31st March, 1891.
The Czarwitsch and suite will leave Hongkong
for Canton per China Merchants' steamer *Kiang-
Awan* on Sunday morning, arriving here during
the afternoon. His Imperial Highness and
Prince George of Greece will be entertained by
M. Imbault Huard, Consul for France; the rest
of the party, it is expected, will put up at the
Shameen Hotel.

The China Merchants' Company has placed
the *Kiangwan* at the disposal of the Czarwitsch
and suite.

LOCAL AND GENERAL.

OUR contemporary the *Bangkok Times* con-
fidently predicts a most flourishing future for
Siam.

THE *Shin-pao* says that the Formosa railway
has at last been completed and is doing a brisk
business.

If the *Hupao* may be believed, the mint at
Canton has been re-opened and work will be
pushed on with great activity.

THE returns of the number of visitors to the City
Hall Museum for the week ending March 29th, are:—
Europeans 180, and Chinese 1,910; total 2,090.

THE British barque *Hidalg* has finished her
cruiser on the briny. She was towed up the Min
river to Foochow the other day to be broken up.
Chinese having bought her for \$2,250.

EIGHTEEN chair-coolies were fined a dollar each
by Mr. Wise at the Hall of Justice this morning,
for obstructing the fairway in the immediate
vicinity of the Hongkong Hotel yesterday.

A CHINESE firework shopkeeper in Shanghai
city was drying powder in the sun. It exploded;
his house was blown up and four of his assist-
ants were injured. Comment is unnecessary.

SEVERAL correspondents, passengers by the
Empress of India, have written to us, stating
that the Shameen Hotel, Canton, is the most
comfortable hotel they have visited since leaving
England.

WE are informed by the agents (Messrs. Russell
& Co.) that the "Union" Line steamer *Northern*,
from New York, left Singapore for this port on
the 28th inst., and may be expected to arrive on
the 3rd April.

THE German squadron, consisting of the cruisers
Leipzig, *Albatross*, and *Sophia*, was
due at Woonong on the 25th inst. Admiral
Valin was to have sailed thence to Nanking
yesterday morning.

AN Emergency meeting of St. John Lodge, No.
618, S.C., will be held in Freemasons' Hall,
Zeland Street, on Thursday, the 2nd proximo,
at 5 for 5.30 p.m. precisely. Visiting brethren
are cordially invited.

WE are informed by the agent of the O. & S.
S. Co., that the steamship *Huige*, with mail,
&c., from San Francisco to the 10th ult., has
arrived at Yokohama, and was under orders to
leave for this port to-day.

MR. E. W. MAITLAND, the Hon. Treasurer of
the Alice Memorial Hospital, acknowledges
with thanks the following donations to the
funds of the Hospital:—"Ridden," \$10; Messrs.
Grossmann & Co., \$50; and Messrs. Lane,
Crawford & Co., \$100.

IT is reported that a dry dock, which will be the
largest in Russia, is in course of construction at
the port of Vladivostok. This, it is expected,
will not only save cost of repairs in foreign
ports, but will save some part, at least, of the
Russian Pacific Squadron to winter at its base.

A "BOY" lately in the employ of the chief
engineer of the *Yankee*, was sentenced by Mr.
Wise to two months' imprisonment at the
Magistrate's this morning for having stolen a
cigar-case and a pair of binoculars, the property
of his employer, when the *Nanang* was wrecked
on the 20th inst.

H. E. the Governor, returned the visit of Vice-
Admiral Sir Frederick W. Richards, on board the
Albatross yesterday morning, accompanied by
his aide-de-camp, Lieut. D. H. Milner, and
his private secretary, Mr. F. H. May. A salute
from the shore battery was given on his
Excellency's return to terra firma.

THERE was only a small attendance at the
Police Court yesterday morning, the defendants
being chiefly hawkers and mendicants. A dis-
trict watchman, however, who failed to answer
to his bail of \$10, on a charge of disorderly con-
duct on Thursday last, is to have a warrant
served upon him when an opportunity occurs.

THE Hongkong Amateur Dramatic Club gave
a representation at the Theatre Royal, last
night, of James Albery's well known comedy
the "Two Roses." There was only a fair
attendance, many of the usual play-goers doubt-
less having been elsewhere celebrating Easter
Sunday. As the performance will be repeated
this evening we reserve our criticism of the show
until to-morrow.

WE would remind those of our readers who have
not already secured seats for to-morrow evening,
when the Min Dramatic Company will appear
in "Roméo and Juliet" which has been generally
acknowledged throughout their extensive tour to
be one of their most successful productions,
to lose no time in securing tickets. The performance
is under the patronage of all those who
have the privilege of holding from the land of
the "Star and Stripes," and as there will be a
crowded house no time should be lost in securing
the necessary 'passes'.

How strong a hold Buddhism retains on the
rank and file of the Japanese may be gathered,
says the *Hyogo News*, from the fact that an idol is
just being completed at the temple of Nofukiri,
Hyogo. This monstrous symbol of a worn-out
creed will measure 54 ft. in height including its
pedestal, and will cost 50,000 yen and upwards—
a Mr. Nani, a local paper manufacturer, having
guaranteed the sum. To duly commemorate the
auspicious event of this jump of bronze being
finished, an "Idol-festival" will be held.
There is evidently ample room for the progress
of civilization and Christianity in Japan, though
the zeal which inspires a man to spend 50,000
yen on behalf of his religion contrasts strongly
with the lukewarmness too often displayed by
Europeans on behalf of a creed which they deem
so much superior. But parity of forms of worship
does not necessarily include increased devout-
ness.

It is not the life, but the lively that attracts
young men to the sea. Brass buttons and gilt
bands always dazzle the women. On the big
ocean steamers the officers call this female
weakness "the yellow fever." Ahem!

THERE was another large and enthusiastic
audience at the Theatre Royal, City Hall, on
Saturday evening, to witness the performance of
the Min Dramatic Company in Shakespeare's
immortal "Richard III." As this is Mr. Mila's
favorite character it is needless to add that with
adequate support the performance passed off
most successfully.

THE Russians at Hankow—a great stronghold
of the Russians—are making elaborate prepara-
tions for the reception of the son and heir of the
White Bear. No Nihilists have yet appeared to
dim the sunshine of the Czarwitsch's holiday
tour, but we learn from reliable sources that fears
are entertained of some possible trouble, and
that in consequence every precaution has been
taken.

THE Czarwitsch arrived at Bangkok on the 19th
inst. and was received in grand style by the
King of Siam, who was attended by the Crown
Prince and a brilliant suite. On arriving at the
Palace the Imperial visitor was lodged with the
family of the Chakra Kiri, the royal Siamese
prince order of the present dynasty, Prince
George of Greece receiving the first-class order
of the White Elephant. An official dinner
given by the King in honour of his guest was
attended by the diplomatic representatives of
great Britain, Germany and the United States.

A SQUADRON of Japanese men-of-war, consisting
of the *Takachiho*, *Taka*, *Katsuragi*, and
Yamato, arrived at Nagasaki from Sasebo a few
days since, after having taken part in a naval
review there. They appear to have been more
fortunate than on the occasion of the last review,
none of the ships engaged having sustained any
serious injury. They are expected to leave
shortly for Kagoshima, and will return about the
end of April, in order to be present during the
Czarwitsch's visit. Prince Arisugawa, Captain of
the *Taka*, having been appointed to represent
the Navy on that occasion.

THE sea serpent, or his ghost, or something, has
lately been alarming the Celestial inhabitants of
Hangchow. A native paper relates that a large
sea eel lately made its appearance in the
Chien-tung river outside Hangchow, having
probably floated in with the tide. It was over
300 feet in length and looked scaly and shiny in
the sun. The people gathered about the banks
to view the dragon, as they called it; the news
travelled far and wide, and thousands upon
thousands gathered to see the fabulous monster.
Some old fishermen, however, explained that it
was only a sea eel, and the crowd dispersed, with
a roar of laughter, as quickly as they assembled.

THERE is an ancient temple in Peking,
dating from the Ming dynasty, which
is entirely made of brass and copper.
The edifice which is termed the "Copper palace"
is part of the Yuan Ming Yuan. The building
is generally shut up, and is highly prized by the
present Emperor. A guard watches the palace
night and day, but recently some ingenious
thieves managed to gain access to the Copper
palace, and stole some valuable ornaments from
the building, also removing a great number of
copper tiles from the roof, as well as some small
brass. After this the thieves of lead from Victoria
College are very small potatoes indeed.

IT would seem that there is to be another of
those periodic fits of trouble from which Korea
has suffered for years past. The French gun-
boat *Aspie* left Shanghai a few days since
without having left her destination become
known, but it has now transpired that she
clears for the peninsula kingdom. A
recent Japanese exchange also informed us
that five Japanese men-of-war have suddenly
been despatched to the same quarter. It is
understood that several telegrams have been
received in Shanghai during the past week from
the "Land of the morning calm," to the effect
that affairs there looked rather stormy, and that
trouble of some kind was brewing.

IT is not often, says the *Shanghai Mercury*, that
the Chinese local authorities take any interest in
the goings or comings of Foreign officials, and we
are therefore glad to learn, as an instance of the
high esteem in which the present British Chief
Justice and the Consul-General are held by the
leading local officials, that Mr. E. W. Maitland,
the Shanghai Magistrate, Mr. Lee, and the Min-
Court Magistrate, Mr. Tsai, are making arrange-
ments to give a farewell dinner to Sir Richard
Rennie and Mr. P. J. Hughes. The act is a
graceful tribute to the two retiring officials, and
we are sure it will be appreciated not only by
the recipients of the compliment, but by all
foreigners.

A JAPANESE, named Suzuki Magajima, has
according to the *Mainichi Shinbun*, succeeded
in emulating the feat of the foreign balloonist
who have recently visited Japan. On the 11th
instant an ascent was made in a balloon at
Tokyo, the dimensions of which were 48 ft. by 48
ft. It was made of calico, painted red, green,
and yellow, and resembled a peacock's tail in
every important particular. The balloon was
on the day in question Suzuki left the ground
amid the applause of numerous spectators, clad
in a red cloth suit of foreign cut and with a
ballooning cap on his head. Having reached the
height of about 3,500 feet, he left the balloon
floating in the middle of a lotus-pond, which
had more mud in it than water, about half a
mile from the place of ascent. Repaired from
head to foot with mud, but proud of his triumph,
Japan's first aeronaut appeared before his
audience to receive their hearty congratulations.

THE *Yifu Shinbun* of the 12th instant
publishes an interesting note, giving Count Ito's
views on the relationship of China and Japan.
It seems that on the 10th instant a friend of
Count Ito (Count Itagaki?) asked him to explain
why he wished to go to China. Briefly put,
Count Ito replied that it was of vast importance
at the present juncture that Japan and China
should be on friendly terms with each other.
From ancient times the two countries had been
most friendly, but the Formosa affair and the
Loo-Choo trouble had caused great estrange-
ment between them, and now they regarded each
other as enemies. Even in the case of the
present excitement about Tso, more than half
of it was caused by the hostile feeling existing
between the two nations. The present political
situation in the East points to a great struggle
between Russia and England. At such a time
Japan's only safety lies in keeping friendly with
China. Should Russia assume jurisdiction over
China, neither China nor Japan could afford to
remain quiet. This is the supreme reason for
Japan's maintaining friendly relations with
China. It is no easy thing, however, to restore
friendship which has once been interrupted.
The Government can only do a limited amount
in this direction. Private individuals must
render assistance, and with the object of trying
to discover some method of bringing this about,
Count Ito said he was going to China.

THE Singapore Chinese Advisory Board met in
the Chinese Protectorate on March 20th when it
was unanimously adopted—"That the Board
agrees in every respect with the protest made by
the official and unofficial members of the Leg-
islative Council, and the chief speakers at the late
public meeting, against the large increase to
the military contribution demanded by the Home
Government."

RUMOUR has it that Lord Harris, the Governor
of Bombay, has ordered that civilians attending
his levees must wear white or coloured trousers
with their dress-coats. This comes of sending
an athletic young man to rule an Indian
province. Harris long ago exhausted all the
governing that had to be done, and now, with
nothing in particular to put his name and seal to,
nor any foundation-stones to lay, he has to
bring his massive brain down to the subject of
breeches.

QUITE a series of festivities are to attend the
departure from Shanghai of the Chief Justice and
the Consul-General at that place. On the 26th
inst. at the Shanghai Club Sir Richard Rennie
and Mr. Hughes were the guests of a representa-
tive body of British residents, and the day before
they were to be entertained by the Taotai and
Hsien at a foreign dinner at Chang Su-ho's
garden, Bubbling Well Road. On April and a
farewell dinner will be given to Sir Richard
Rennie by the Bar.

THE *Foochow Echo* reports that an unknown
sickness is now prevailing amongst the natives
of that place and that hundreds of them have
fallen victims to it. It is said to begin with
swelling of the face, and these swellings pass
on to the knees, where acute swellings are
formed in ten minutes, the whole body
turning black. We believe the report to be
genuine as it was related to us by men of good
authority. Influenza, small-pox, and this new
sickness have already carried thousands of them
away from this world, let us hope, spheres that
are brighter.

SINCE the first telegraph line was erected in
China the wires have been carried through twelve
provinces. Lately the province of Kansu has
been connected with the telegraph centres and
the provincials express much wonder at the
rapidity with which the messages are transmitted.
In their ignorance they think that telegrams are
written on sheets of paper and these sheets pass
over the wires. When the working commenced
on the Kansu line crowds of people gathered
round the telegraph poles to see the message
sheets travel over the wire. Of course, quaintly
observes a native paper, they had only disappoint-
ment for their trouble.

A CERTAIN epidemic, says the *Hupao*, now
raging in Kansu. Its symptoms are headache,
fever and ague, vomiting and weakness. Those
attacked must at once resort to medical aid or
death would result in a few days. The poor,
who cannot afford to pay for treatment, are dying
rapidly, and the authorities are exerting their
best efforts to provide charitable treatment with
medicines and food. Some superstitious people
believe that the god who transmits messages
in such a mysterious manner is at the bottom of
the whole thing, and to appease it they offer
wine, food, incense and paper money to the
telegraph poles, and prostrate themselves in front
of them praying for forgiveness and indulgence.
No cures effected through such means have yet
been reported.

At the Supreme Court this morning the Registrar,
Mr. E. J. Akeroyd, held a meeting of the creditors
of Leung Ah Yon. Messrs. Ewens & Reece
represented the petitioning creditor, who was
informed that the bankrupt, in the course of his exami-
nation, said he had no property in Singapore.
He had a shop in Penang, but a district for rent
was made upon it last year. There was about
\$10,000 due to the estate in Penang, which Lam
Lau Shang, who was at present carrying on the
business, was collecting. He could not give a
list of the debtors, as all his account-books were
in Penang. Liu Leung Pau owed him \$3,000,
which was a good debt. His property in Gough
Street was worth \$4,000, but it was mortgaged
for \$6,000. He had over \$20,000 owing to him,
and was worth \$1,000 by Mr. Webster,
solicitor, and \$1,000 by E. J. Akeroyd. The
adjudged further hearing of the case for the
fortnight, in order that some of the bankrupt's
creditors might make an examination of the
books furnished to ascertain if it was an honest
bankruptcy.

THESE arrived from Japan, says the *San
Francisco Chronicle*, by the steamer *China*, two
packages addressed to the United States Navy
Department, Washington, D.C. It was learned
that the contents of these cases were four plates
of iron and steel, each four feet square. These
plates are covered with three coats of anti-fouling
paint, and are intended to be used as a water
proofing for the hulls of the new ironclads.
The process can be applied to the hulls of the
"White Squadron." It is said by those who
have seen Japanese steel war ships having this
latter on their bottoms instead of the usual
paint, that the plates were protected, and that
the lacquer coating was perfectly smooth and
unbroken. The bottom of the war-ship *Nan-
kai* was coated with this lacquer for nine months.
When she was docked it was found that the
plates were in excellent condition, and not the
least particle of rust was to be seen. The
result of the test will be looked forward to
with interest, as upon its success the solution of
the question of preserving the steel hulls of our
new navy depends.

THE following case, which has been reported
by the Governor of Hunan, furnishes another
instance of the admirable simplicity of Chinese
law. Yang An-jen, a native of that province,
seduced the wife of his nephew and was severely
reproached for his conduct by another member
of the family, named Yang Chih-shu, who
brought the woman back to her home and for-
bade intercourse between the pair in future.
Yang An-jen was so incensed at this that he
determined to have his revenge, and arranged
with some friends to waylay Yang Chih-shu
and murder him. The murdered man's wife
arrived on the scene immediately after the deed
was committed and recognised Yang An-jen in
the moonlight as one of the party. The
deceased also before his death deposed that he
had been struck by Yang An-jen. The man was
arrested by the officers of the clan and forwarded
for trial to the authorities. At first he confessed
to the crime, but later on he retracted his previous
testimony and pleaded his innocence. The
magistrate who tried the case had him so
severely beaten that, being a weak man, he
succumbed to the effects of the torture. The
magistrate was denounced by his superior officer,
the Prefect, and an investigation was ordered
into all the circumstances of the case. The
people in the cities as well as the boatmen on
the rivers and the peasants along their banks
make one think of wolves which devour their
fellow men as soon as they fall. The horrible and
infamous conduct of the Chinese on the occasion
of the burning of the steamer *Shanghai* on the
Yangtze, and the pillage, selfish greed shown by
the masses of the people during an ordinary city
fire reveal to us what the Chinese really are. They
seem to be a careless observer to be a law-abiding,
civilised people, and such they are not. They are
disorderly by reason of fear of punishment. But
there is no basis of moral principle underlying
their conduct. Give them the opportunity, and
they show that when the danger of detection and
punishment is removed, there is nothing
within to restrain them from acting like ravenous
wild beasts. I heard recently a story which
throws a lurid light upon the character of the
people among whom we dwell. A family of
great wealth suddenly found one day that their
eldest son was wrapped in flames. Father and
son quickly called all the family together,
rushed out of the door and deliberately locked
up the premises. They knew that they could
save next to nothing, for what they might wrest
from the flames would be taken by their fellow-
citizens.

SUPREME COURT.

IN ORIGINAL JURISDICTION.

(Before Sir James Russell, Chief Justice.)

March 31st.

THE HONGKONG MARINA COMPANY.

The hearing of a petition asking for a com-
pulsory order of the Court to wind up the Marina
Company was resumed this morning.
Mr. A. J. Leach, instructed by Messrs.
Holmes and Roddy, appeared for the Hongkong
Trading Company, and two other creditors;
Mr. G. J. Philippo, instructed by Messrs.
Dennis and Mossop, appeared on behalf of
Tan Kah Kee, creditor, and Mr. Pollock,
instructed by Messrs. Carr, Gell and Wilkinson,
appeared on behalf of the Hongkong Marina
Company to oppose the application.

Mr. Leach said since the last hearing of the
case nothing had been done till the 28th of the
present month when a meeting of the share-
holders was held to pass a resolution to wind up
the Company voluntarily. The petition he would
take away, that he was willing to take a provisional
order and do nothing till the Company held a
meeting and passed the resolution to wind up.
He thought it would be best to adjourn the case
for another week to see what the Company
intended doing, as nothing had been done as yet.

His lordship said he could not make a com-
pulsory provisional order until the Company had
passed a resolution to wind up. There was
nothing before him as the case stood.

Mr. Philippo said he did not ask for a long
adjournment. He was present to ask his lord-
ship for a compulsory winding up of the Com-
pany. Nothing had been done, and the share-
holders had no intention of doing anything, and
he thought they ought to be made to do some-
thing or other.

His lordship said Mr. Philippo had changed
his ground. At the last hearing he opposed the
application of Mr. Leach, and now he was for
compulsory winding up of the Company, while Mr.
Leach this time was not.

Mr. Philippo said the Company had done
nothing in the meantime, and he represented a
large creditor.

Mr. Leach asked his lordship to make the
order now and they would suspend it until such
time as the Company had arranged to do some-
thing.

Mr. Pollock asked for an adjournment and
agreed with Mr. Leach's remarks at the opening
of the present hearing, that an adjournment now
be made until the Company had passed the
resolution to wind up.

His lordship said he thought the proposition
of Mr. Leach was best. There was to be a
meeting of the Company on Friday and he would
adjourn the case.

Mr. Leach—I understand you make an order.
His lordship said he did not—He
adjourned the hearing subject to the Company
having a meeting, or *sine die*.

THE CHINA AND MANILA STEAM-
SHIP COMPANY, LIMITED.

The eighth ordinary general meeting of
shareholders was held at the office of the
Company, Praya Central, this afternoon, for the
purpose of receiving the Report of the
General Managers, declaring Dividend
and electing Consulting Committee and
Auditors. There were present:—Messrs. W. H.
Forbes (Chairman), D. Gillies (Director), C.
Shewan, W. S. Taylor, R. R. Thomson, C. A.
Tomes, G. L. Watson, and others.

The Chairman said:—Gentlemen, the Report
and Accounts have been in your possession for
some time and if you have no objection will
now be taken as read. The only feature in the
report that calls for remark from me is the recom-
mendation of the General Managers that the
Company should take power to pay the Dividend
this year in scrip instead of in cash, it being
necessary to avoid parting with any
more money than we can help just now
owing to all the Company's available funds
being required to pay for the cost of the new
steamer *Emerald*. As the proposal is fully
explained in the Report before us I need not go
into further details, but if the Report and Ac-
counts as now presented be adopted, and passed
the Resolutions as drawn up by the Company's
solicitors, by means of which it is proposed to
carry out the scheme, will have to be submitted
to and confirmed at extraordinary meetings of
shareholders held later on. There is nothing to
add of interest as regards the general business
of the Company, but before moving the adoption
of the Report and Accounts I shall be happy to
answer any questions from shareholders.

There being no questions the Chairman
formally moved the adoption of the report and
accounts as presented.

Mr. Watson seconded, and it was carried
unanimously.

Mr. D. Gillies was re-elected a member
of the Consulting Committee upon the motion
of Mr. Watson, seconded by Mr. Tomes.
Messrs. J. H. Cox and T. Arnold were
unanimously re-elected auditors upon the
proposition of Mr. Gillies, who was seconded by
Mr. R. Shewan.

That concluded the business of the meeting.

THE PUNJON AND SUNGHEE DUA
SAMANTAN MINING COMPANY,
LIMITED.

The fifth ordinary half-yearly meeting of
shareholders in the above named Company was
held at the Company's Office, this afternoon for the
purpose of receiving the report of the Directors,
together with a statement of accounts to the
half year ending 30th September 1890. There
were present:—Messrs. J. Orange (Chairman), D. Gillies, F. E. Davies,
(Directors), Messrs. A. S. Cohen, F. A. Gomez,
F. Mehta, M. D. Dyer, G. George, G. Holmes, H. G.
James, Geo. Fenwick, and several others.
The Chairman said:—Gentlemen, as the report
has been sent to all shareholders I will, with
your permission, take it as read. With reference
to the accounts, I would explain that in lia-
bilities, \$15,031.32, the balance of \$5,000, part pay-
ment for Jalis Block, is accounted for as follows:
—The total receipts were \$20,036.40 of which
\$2,735.50 were London Office and legal expenses,
\$13,333.33 were paid to the promoters of the
new Company, leaving the balance in our favor
of \$15,031.32. With regard to the debt due to
us on the 30th September by the Punjon Pakang
Gold Company amounting to \$20,772.10, this
sum is larger now as the Company had practi-
cally kept on the Jalis Mine expenses on
behalf of the London Company till the last
month of September. The London Company
exactly what the debt now is as we have not
received the accounts from the Mines later than
January—it was then \$23,000. This position of
affairs, cannot be allowed to continue and, as
mentioned in the report, if you approve notice
will be given to the London Company that after
a definite date if the whole debt be not settled
the Jalis Block will be resumed and immediate
legal proceedings taken against the Company.
I think that our interests are safe in the hands
of Messrs. Ewart and Brodie who do not seem
at all disposed to give much grace to the
guarantors of the capital. The last letters
received from Mr. Brodie says that "Judgment
